Welcome, Mr. President

Hotel Madera

Heading to DC for the Inauguration? Green the festivities by staying at Hotel Madera. The hotel features hybrid vehicles for guests to rent, a restaurant that serves up organic American cuisine, and rooms stocked with organic coffee and teas. This boutique-style hotel is one of many in the Kimpton empire that strive to "support a sustainable world by using non-intrusive, high quality, eco-friendly products and services." While other lodges with the same philosophy are so overtly green that they resemble tree houses more than hotels (not that tree houses aren't amazing), you can actually stay at the Hotel Madera without feeling guilty or looking like Tarzan. That way, you can focus all your worrying on securing a good viewing spot on the Mall. Good luck!
